Dear Madam:-

I beg to offer my apologies for the delay in acquainting you concerning the coins you left sometime ago. As I think I stated to you when you were here, the building was about to be painted and a number of changes made. I thought that I could get in more work than I did but I found things in such a mixed up condition that it was impossible for me to do much of anything.

I have looked the coins over and those that the Society don't care for I have shown to one or two others and they have made me offers on certain pieces. In the lot were a large number of coins really valueless. These and some that neither we nor any one else that I knew of wanted, I had a dealer figure on. The total collection amounts to \$36.50 and if this price is acceptable to you I can send you a check. If not let me know and I will see that the coins are delivered to you at your address.

I remain,

Very truly yours,

My Dear Mr Wood.

I received this morning  
your note regarding the  
coins that I left with  
you for valuation a  
few weeks ago.

Your offer of \$36.50 is  
acceptable - although I  
had hoped it would be  
more. - Still I have

No doubt it is all that  
could be obtained for them  
anywhere, - and if you  
will please make  
the check payable to  
Daniel C. French, - and  
send it to him at 125 -  
West Eleventh Street, -  
the best will have  
been done for them  
that can be done I  
am sure. I am  
greatly indebted to you

for the trouble you must  
have taken in the matter. -  
The time has been short -  
Considering all that there  
must have been to arrange  
about them. -

Please believe me

Very truly yours.

Anne Earle.
